e-Governance Project Management Programme

Government of India Sponsored Programme ₹

Exclusively for SC/ST & TSP Government Officers ✓

For Whom ?

- Officers belonging to SC/ST category
- Officers working in Tribal Areas
- Five years of service in Government
- Should be Additional Director, Joint Director, Deputy Director, Assistant Director or equivalent cadre officer from Central/State/UT
- Preference will be given to Officers involved in Project design and implementation
- Must be a graduate from any discipline

Modules

- Project Management - PMP/Prince2
- Government Process Re-engineering
- Procurement & Financial aspects of e-Governance Projects
- Documentation & Presentation Skills
- An opportunity for professional certification in PMP or PRINCE2

Objective

This is to provide the SC/ST/TSP officers a structured approach to lead or participate in e-Governance project in the following areas:

- To lead or actively participate in conceptualization, design and implementation of an e-governance project.
- Effectively plan and manage every phase of the project.
- To be proficient and successful in e-Governance project implementation.

Digital India sets pace for a makeover that shall change the face of the entire nation, impacting cities, towns, villages and more. This change is possible only when all communities are involved in the e-Governance project implementation in a structured and professional manner.

Given the need for trained e-Governance Professionals in the country, especially among the Government officials belonging to SC/ST category and general category officers who are working in TSP areas, the Government of India initiated a programme exclusively on e-Governance Project Management.

Project Management assumes paramount importance at all levels and cross sections of e-Governance Projects. The e-Governance Project Management programme is aimed to impart Project Management Skills to SC/ ST Officers and Officers of TSP area, at State and District level from conceptualization to rollout stage of an e-Governance project.
