Information Sought (जानकारी मांगी) :	I would lie to know with CERTIFIED INFORMATION as below: In year 2013 the Ministry of Electronics and Technology issued a order to all Central and State Govts not to use private email providers services i.e Hotmail, Gmail, Yahoo, Rediffmail, etc for reasons of safety and security of govt communications as the private email provider servers were based abroad. MEITY as per the e-policy also informed govt department to use email service of NIC and other govt email providers. Unfortunately, throwing all the advisory of safety and security, many state govts offices are still using Gmai, Yahoo, and Rediffmail, even after 11 years least concerned about MEITY

advisory, particularly the Maharashtra government which inspite of several RTIs and letters continue to defy the MEITY advisory on the banned private providers, and this is indeed a very alarming and serious issue.

Please let me know what action the Central Government will take for the contempt and defiance of its orders on the use of private email by state governments and particular by the Maharashtra Government where its own Department of Information Technology had issued a Advisory on 30.9.2013, which is widely flouted and ignored.

Will the Central government take a serious view of the serious violation of the Advisory and take stern action against the violating departments o issue of safety and security, particularly against the Maharashtra Govt Dept of Information Technology officials for their keeping silent on the repeated RTIs and Letters on the above subject.

Where is patriotism vanished when such defiance and contempt continues even after 11 years? Will there be accountability, transparency and responsibility?
