Dear Dilip Kumar,

Please refer to your online RTI request Regn. No. DITEC/R/E/24/00917 seeking information under the RTI Act, 2005. In this regard, as far as Digital Governance Division under MeitY is concerned, the requisite information obtained from the concerned is as under:

"Reply:

Thank you for your inquiry regarding the validity of documents downloaded from DigiLocker. We appreciate the opportunity to address your concerns. Please find below our responses to your questions:

1. DigiLocker documents, including Class 10th marksheets, are designed to be accessed and verified electronically by educational institutions through API integration. Printed copies of DigiLocker documents are not considered valid for admission purposes. The school should have the necessary systems in place to electronically verify these documents directly from DigiLocker.
2. The DigiLocker service is provided by the government to offer secure, electronic access to official documents. Its purpose is to eliminate the need for physical documents and enable seamless digital verification. If institutions are not set up to access these documents electronically, they are not utilizing the service as intended.
3. For admission to 11th standard, you should not need to produce a printed copy of your 10th marksheet from DigiLocker. Instead, the school should have a system in place to access and verify your marksheet directly from DigiLocker using their API integration. If the school is not set up for this, you may need to inform them about the proper procedure for verifying DigiLocker documents.

To reiterate: Digital documents from DigiLocker are legally valid as per the Indian IT Act 2000 when accessed and verified electronically through the proper channels. Educational institutions should access these documents via API integration, not through printed copies. We are continuously working to improve awareness and implementation of these electronic verification processes among various organizations.

If you continue to face issues with the school not having the proper electronic verification system in place, you may need to escalate this to higher educational authorities or contact the DigiLocker support team for assistance in communicating the correct procedures to the school management."

2. If you are not satisfied with the information, you can make an appeal to the following Appellate Authority against the information provided.

Shri Chhatrasal Chandra, Scientist- D / Appellate Authority (Digital Governance Division)
Ministry of Electronics and Information Technology
Electronics Niketan, 6, CGO Complex, New Delhi – 110003.

3. In view of the above, the said online RTI request is disposed off from the portal.

Regards

S. Ghoshal,
Sci-B/CPIO (Digital Governance Division),
MeitY.
