Sub.: Request for sharing of data/datasets of various portals of Government of India through APIs to facilitate data inter-change with State level systems – reg.

Dear Sir/Madam,

Kindly refer to the D.O. letter No. 7(1)/2015-CSC (Part-I) dated 2nd March, 2020, regarding sharing of data/datasets of various portals of Government of India through APIs to facilitate data inter-change with State level systems.

2.   In this regard, it is considered necessary to arrive at a well-defined SoP with reference to sharing of data by Central Ministries under various CSS/CS and state schemes and for replication of state data in the respective State Data Centres. There is a need to organize data systematically, to follow federated architecture and allow the states to use data pertaining to their States under various schemes.

3.   Therefore, I would like to request that the available data/datasets under various schemes/projects collected by the Central Government be shared with the respective State/UTs under mutually agreed SoP to allow the States/UTs to use that data for better governance. Your cooperation in sharing the data/datasets with respective State/UT Governments will be very helpful in enabling them to use the information in an efficient manner.

With regards,

Yours sincerely,

(Dr. Rajendra Kumar)

To,

All Secretaries (Central Government)

Copy To:

(i)   Chief Secretary & Administrators (States/UTs)
(ii)   DG (NIC) – for compliance
