

Corrigendum
RFP No. ISM-19/1/2022-ISM-DIC
Government of India
Ministry of Electronics and Information Technology
(India Semiconductor Mission)

Electronics Niketan,6, CGO Complex
New Delhi
Date – December 8, 2023

Subject: Pre-Bid Meeting for RFP for Engagement of Project Management Consultancy (PMC) for implementation of Projects under the Semicon India Programme

India Semiconductor Mission (ISM) is the Nodal Agency to ascertain effective implementation of the Semicon India Program (Programme) for the development of semiconductors and display manufacturing ecosystem in India.

Considering large incentives for the eligible Applicants under the Program, it is essential to ensure the proper utilization of funds for the successful establishment of manufacturing units by adequate monitoring and reporting of the physical and financial progress of projects.

Accordingly, ISM published a Request for Proposal to engage a Project Management Consultancy for the implementation of Projects under the Programme on November 21, 2023.

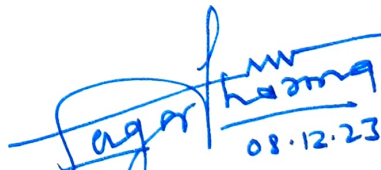

In furtherance to the same, a pre-bid meeting is scheduled to be organized on December 12, 2023, at 10:30 AM through video conferencing (VC).

All interested participants in the pre-bid meeting may share their details (Annexure-I) by 04:30 PM on December 11, 2023, to ism-dic@gov.in (with the subject line: Participation in the Pre-Bid Meeting). No registration will be permitted after this deadline. Confirmed participants will be provided the VC meeting link subsequently.

For any queries, please contact:

CEO, ISM Email: ceo@ism.gov.in, ism-dic@gov.in
